HOW E-VERIFY SAFEGUARDS YOUR HIRING PROCESS

- It matches I-9 information against SSA and DHS databases within seconds to confirm work authorization.

COMPLIANCE AND CONFIDENCE: WHAT E-VERIFY MEANS FOR YOU

- 1. Instant Eligibility Confirmation**
Automated comparison against federal records ensures fast, reliable verification.
- 2. Built-In Legal Compliance**
Aligns with federal and state mandates (many states require E-Verify; federal contractors must use it).
- 3. Good Faith Hiring Protection**
Employers gain a presumption of compliance when using E-Verify correctly.
- 4. Streamlined Onboarding**
The enhanced E-Verify+ option lets employees complete Form I-9 digitally reducing paperwork, errors, and administrative overhead.
